

NAGA NANDINI PAPISETTI

Nandyal, Andhra Pradesh, India

nandiniroyal717@gmail.com | +91 8688057240 | LinkedIn | GitHub

Objective

Aspiring Data Science student with skills in Python, Machine Learning, SQL, and Data Analytics. Passionate about solving real-world problems and eager to contribute analytical and technical expertise while continuously learning emerging technologies.

Education

Rajeev Gandhi Memorial College of Engineering and Technology, Nandyal

B.Tech in Computer Science and Engineering (Data Science)

2024–2027

CGPA: 8.8

Skills

Programming Languages: Python, C

Frontend: HTML5, CSS3

Backend: Flask, FastAPI (Basics)

Database: SQL

Data Science: Machine Learning, Data Analysis, Data Visualization

Tools: Git, GitHub, Power BI, Microsoft Excel, VS Code

Soft Skills: Problem Solving, Communication, Teamwork, Adaptability

Internship

AI Intern — Swecha & Viswam AI

May 2026 – Present

- Working on Telugu LLM and AI-based projects.
- Gaining practical experience in Machine Learning, NLP, and AI solution development.

Projects

Auto EDA – Automated EDA Report Generator

- Developed a Streamlit application to generate automated Exploratory Data Analysis reports from CSV datasets.
- Tech Stack:** Python, Streamlit, Pandas, NumPy, Plotly.

AURA Healthcare – Smart Queue & Hospital Locator

- Developed an AI-based healthcare system for hospital discovery, queue management, and symptom-based patient triage.
- Tech Stack:** Python, Flask, Scikit-learn, SQLite, Leaflet.js, YOLOv8.

Certifications

- Oracle Certified Foundations Associate – Oracle
- Python Certification – Kaggle
- GenAI Powered Data Analytics Job Simulation – Forage
- Data Analytics Job Simulation – Forage
- UiPath Specialized AI Associate Certification
